

CAMPUSCARE

STUDENT HEALTH PLAN — POLICY & BENEFITS SUMMARY

SAMPLE / FICTIONAL / NOT VALID FOR COVERAGE

Policyholder Jordan Taylor — Test Student	Policy / Member ID CCS-TEST-2026-001847
Plan CampusCare Student Plus — Choice POS II	Policy Term 01 Jan 2026 – 31 Dec 2026
Group EXAMPLE-UNIV-TEST	Network CampusCare Preferred Network

At-a-Glance Benefits

Benefit	In-Network Cost Share	Annual Limit / Notes
Annual Deductible	\$500	Individual
Out-of-Pocket Maximum	\$2,500	Individual
Primary Care Visit	\$20 copay	After applicable plan rules
Specialist Visit	\$40 copay	Referral not generally required
Urgent Care	\$50 copay	Participating facilities
Emergency Room	\$150 copay	Waived if admitted
Preventive Care	\$0	Covered preventive services
Generic Prescription	\$10 copay	30-day supply

Student Perks

24/7 Nurse Line: General health guidance and care navigation.

Telehealth: Virtual primary-care and behavioral-health appointments when clinically appropriate.

Student Wellness: Digital wellness resources, preventive-health reminders and educational programs.

Travel Support: Assistance locating participating providers while temporarily away from campus.

Important: All amounts above are fictional test values. Actual coverage would be governed by the applicable plan document, exclusions, network rules and authorization requirements.

DETAILED BENEFITS & COVERED SERVICES

The following benefit schedule is a fictional example created for testing insurance portals, document parsers, demonstrations and student-facing UI.

Medical Benefits		
Service	Member Pays	Example Coverage Rule
Primary care	\$20 copay	Office visits for illness/injury
Specialist	\$40 copay	Specialist consultation
Preventive services	\$0	Eligible preventive services
Diagnostic laboratory	20% after deductible	Participating lab
X-ray / basic imaging	20% after deductible	Medically necessary
Advanced imaging	20% after deductible	Prior authorization may apply
Physical therapy	\$30 copay	Up to 20 visits/year
Urgent care	\$50 copay	Participating urgent-care center
Emergency room	\$150 copay	Waived if inpatient admission
Inpatient hospital	20% after deductible	Prior authorization may apply

Pharmacy Benefits		
Tier	30-Day Supply	Example Rule
Tier 1 — Generic	\$10	Preferred generic medicines
Tier 2 — Preferred brand	\$35	Formulary applies
Tier 3 — Non-preferred	\$70	Higher member cost share
Specialty	30% coinsurance	Prior authorization may apply

Behavioral Health & Student Support

Outpatient behavioral-health visits: \$20 copay in-network. Telehealth behavioral-health visits may be available. Crisis services should be accessed through local emergency services or an appropriate crisis service.

Care navigation: members can use the fictional member-services channel below to locate providers, understand plan terminology and request general assistance.

POLICY TERMS, LIMITATIONS & CLAIMS GUIDE

This page demonstrates the type of policy language that may accompany a student health plan. It is not a real contract and creates no rights or coverage.

Eligibility & Enrollment

Eligible students may enroll during an applicable university enrollment period. Coverage dates, dependent eligibility, enrollment changes and termination are determined by the fictional plan sponsor's rules.

Qualifying life events: In a real plan, changes such as loss of other qualifying coverage or a change in student status may permit a special enrollment period, subject to applicable rules.

General Coverage Rules

- In-network services generally receive the plan's highest benefit level.
- Out-of-network care may have a different cost share and may be subject to balance billing in a real plan.
- Certain services may require prior authorization, medical-necessity review or use of designated facilities.
- Deductibles, copayments and coinsurance may count toward the annual out-of-pocket maximum according to the plan terms.
- Preventive services are subject to the applicable definition and eligibility rules of the plan.

Illustrative Exclusions

Examples of services that may be excluded or limited in a real health plan include cosmetic procedures, non-medically necessary services, experimental or investigational treatments, services outside defined benefit categories, and expenses that are not otherwise covered by the plan. Exact exclusions would be stated in the governing plan document.

Claims & Appeals — Example Workflow

Step	Example action
1. Receive care	Use a participating provider when possible.
2. Claim submitted	Provider submits a claim or member submits required documentation.
3. Processing	Plan administrator applies eligibility, network and benefit rules.
4. Explanation	Member receives an Explanation of Benefits (EOB) showing allowed amount and member responsibility.
5. Appeal	If a claim is denied, the member may have an appeal process described in the governing plan document.

Important Definitions

Deductible: An amount a member may pay for covered services before the plan begins paying certain benefits.

Copayment: A fixed amount paid for a covered service.

Coinsurance: A percentage of an allowed amount paid by the member after applicable deductible rules.

Out-of-pocket maximum: A plan-year limit on certain covered in-network member cost sharing, subject to the plan terms.

MEMBER QUICK REFERENCE & CONTACT INFORMATION

Keep this page with the fictional policy summary when testing a student-insurance workflow.

Member / Provider Contact Directory		
Service	Dummy Contact	Purpose
Member Services	1-800-555-0101	Benefits, eligibility and general questions
Provider Services	1-800-555-0102	Provider / claims support
